SCR-01

Registration & Sign In

Onboards new players and authenticates returning ones with age and identity verification.

MAPS TO

Feature: User Registration & Identity

US-101 As a player, I want to create an account so I can join the loyalty program.

KEY UI COMPONENTS

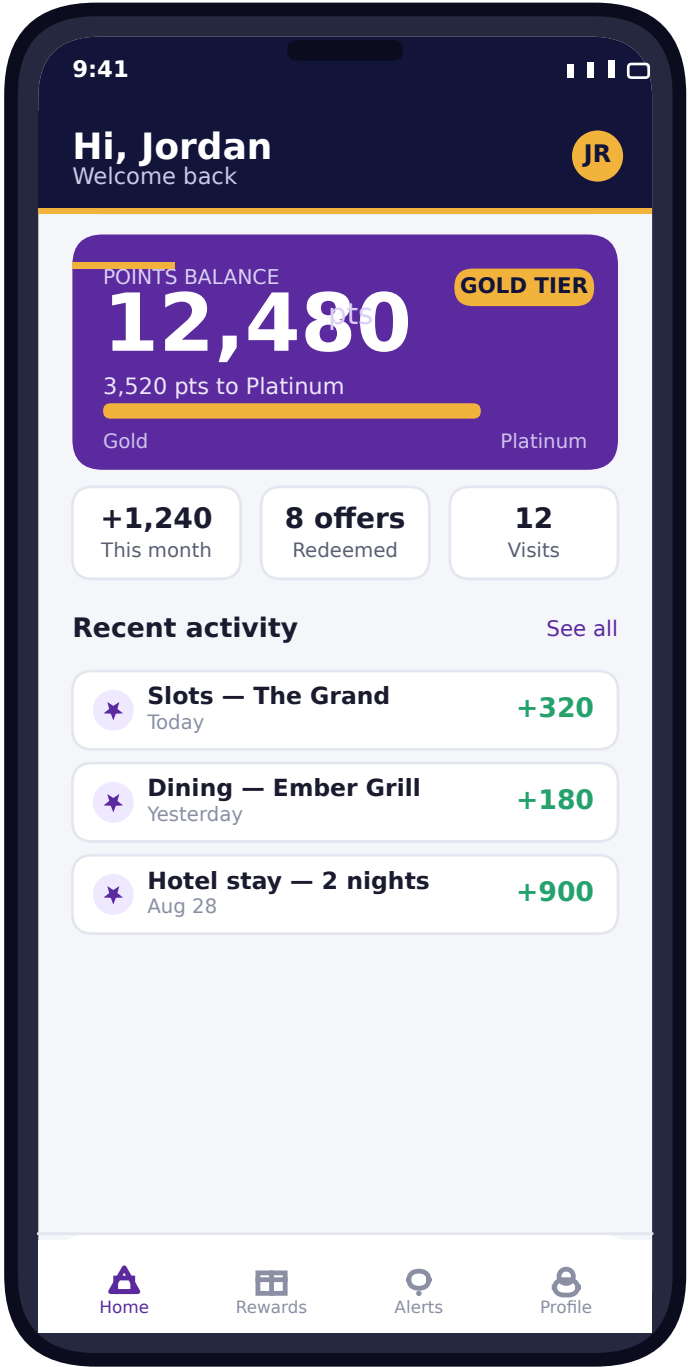

- Name, email, mobile, DOB, password fields
- 21+ age gate with Terms & Responsible Gaming consent
- Create Account / Sign in switch
- Passwordless (passkey) and Entra ID trust cues

ACCEPTANCE CRITERIA

- Given a user under 21, when they submit, then registration is blocked.
- Given valid details, when submitted, then a verified account is created.
- Password and PII are never shown in plain text or logs.

NON-FUNCTIONAL

- Entra ID SSO
- MFA
- KYC / age check
- WCAG 2.1 AA
- TLS 1.2+

SCR-02

Rewards Dashboard

The home screen: real-time points balance, tier progress, and recent earning activity.

MAPS TO

Feature: Rewards Dashboard

US-201 As a player, I want to view my loyalty points and tier so I know my status.

KEY UI COMPONENTS

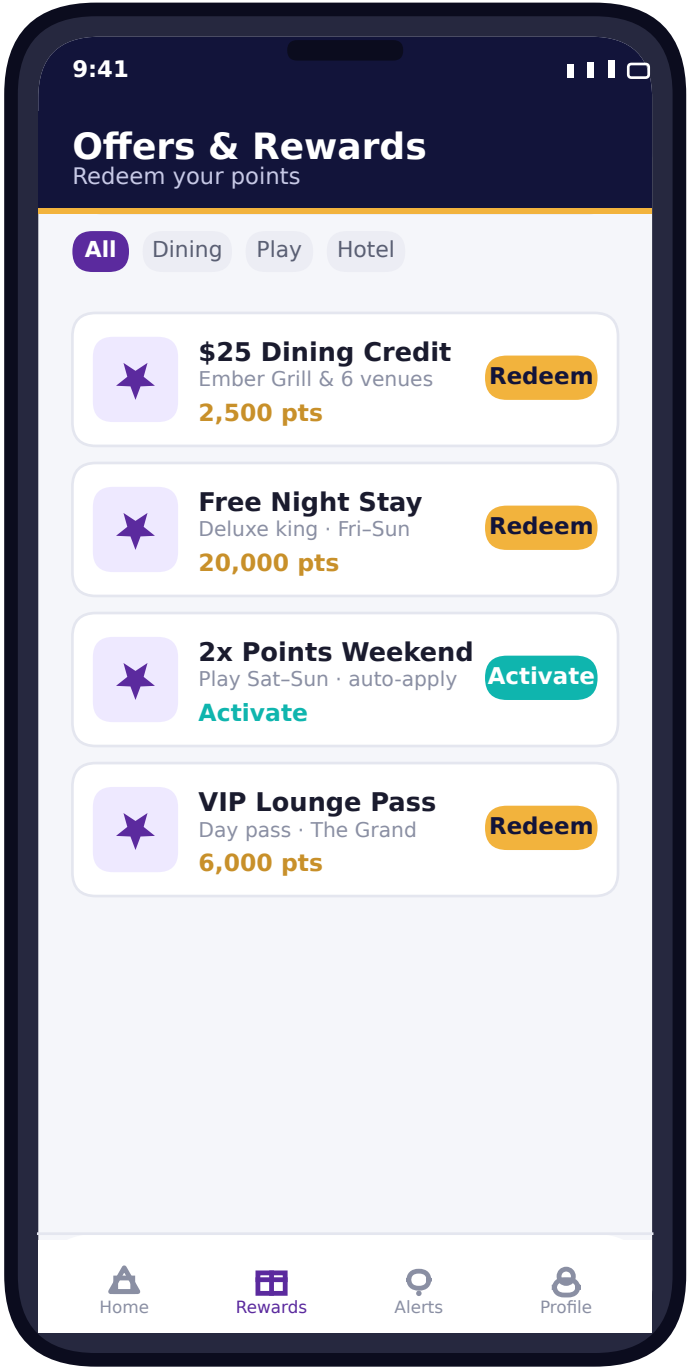

- Points balance card with tier badge
- Progress bar to next tier
- Quick stats: monthly earned, redeemed, visits
- Recent activity feed with point deltas

ACCEPTANCE CRITERIA

- Given a signed-in player, when the screen loads, then the live balance is shown.
- Given tier progress, when points change, then the bar updates.
- Activity list shows the 10 most recent transactions.

NON-FUNCTIONAL

- Load < 2s
- Real-time sync
- 99.9% uptime
- WCAG 2.1 AA

SCR-03

Offer Management

Lets players discover, filter, and redeem offers, or activate promotions.

MAPS TO

Feature: Offer Management

US-301 As a player, I want to browse and redeem rewards using my points.

KEY UI COMPONENTS

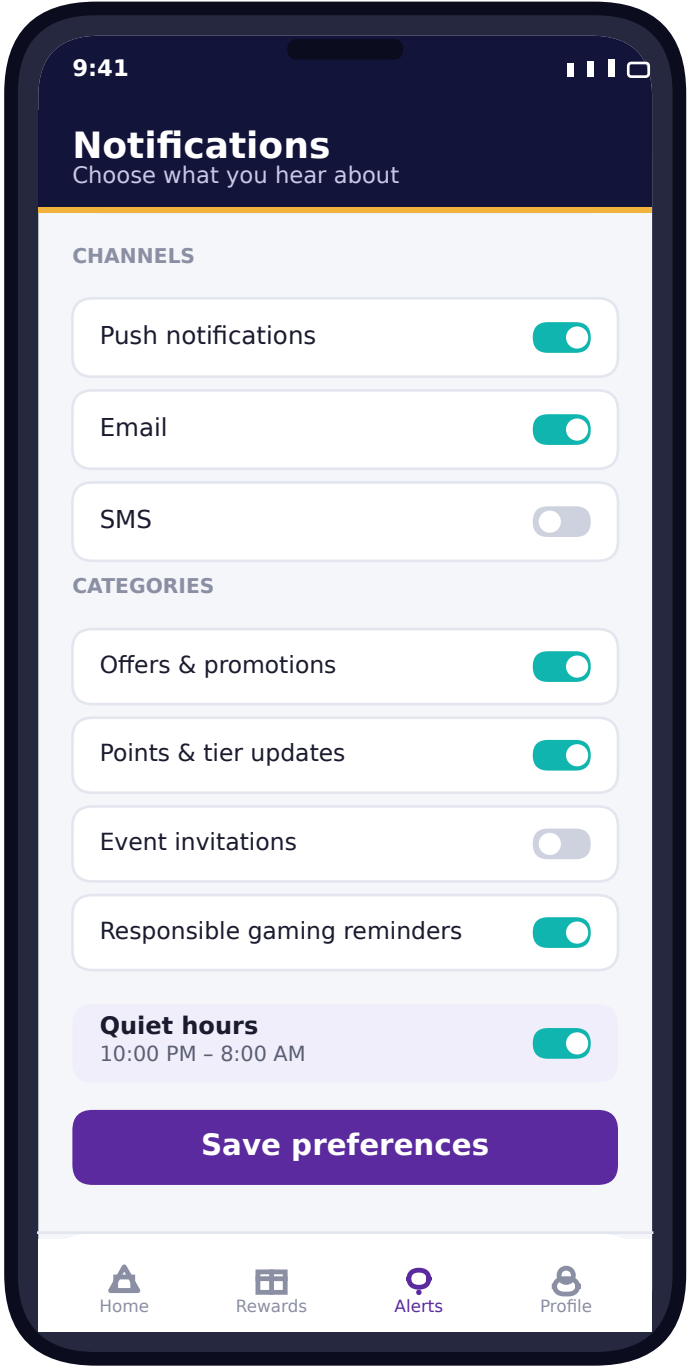

- Category filter chips (All / Dining / Play / Hotel)
- Offer cards: title, detail, point cost
- Redeem and Activate actions
- Insufficient-points and confirmation states

ACCEPTANCE CRITERIA

- Given enough points, when a player redeems, then points are deducted and a code issued.
- Given insufficient points, when redeeming, then the action is disabled with guidance.
- Offers respect eligibility, region, and expiry rules.

NON-FUNCTIONAL

- Idempotent redemption
- Audit trail
- PCI-aware
- Load < 2s

SCR-04

Notification Preferences

Gives players granular, consent-based control over channels and message categories.

MAPS TO

Feature: Notification Preferences

US-401 As a player, I want to control which notifications I receive and how.

KEY UI COMPONENTS

- Channel toggles: Push, Email, SMS
- Category toggles incl. Responsible Gaming reminders
- Quiet hours window
- Save preferences with confirmation

ACCEPTANCE CRITERIA

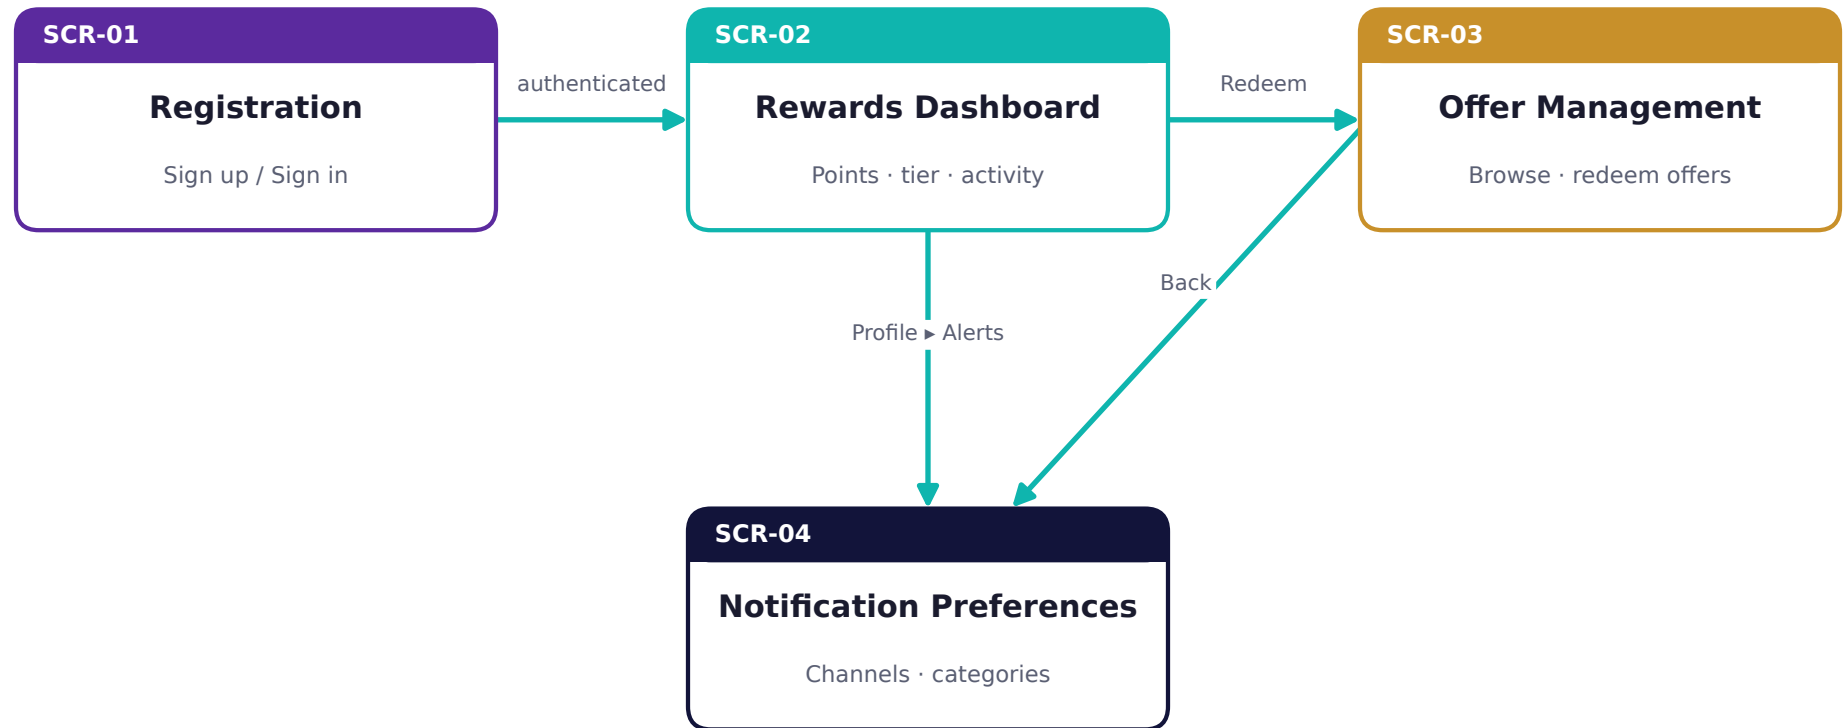

- Given a changed toggle, when saved, then preferences persist across devices.
- Given opt-out of a channel, then no messages of that type are sent.
- Responsible-gaming reminders follow regulatory consent rules.

NON-FUNCTIONAL

- Consent logging
- GDPR / CCPA
- Cross-device sync
- WCAG 2.1 AA

Navigation Flow

How the four screens connect during the player journey.

➡ Entry point

Bottom-tab navigation available from every authenticated screen.
